

Industry Expert Quotes and Trend forecasting

“It’s not the information overload, its filter failure” [Clay Shirky](#)

“Somebody out there will start that replaces Facebook, a company that relegates Facebook to essentially being hyper relevant address book, and all the content consumption happening in different place. People fundamentally like process of creative destruction and like new things and we are probably 3 to 4 year away. “ [Chamath on 16th founder showcase May,2015](#)
